

YUANLAN HUANG

Product / Interaction / Design Research

huangyuanlan8@gmail.com

EDUCATION

Chongqing University / Undergraduate, Product Design / Sep 2023–present

Interests: health and care, embodied interaction, and service systems.

SELECTED PROJECTS & CONTRIBUTIONS

CoBreath | 2026.04—05

User research, experimental design, software–hardware integration, prototyping, data analysis, and user testing.

Care Meal | 2026.03—05

Community meal support: research, service mapping, healthcare web and older-adult app interfaces, meal station, and delivery robot concepts.

Dotheal | 2026.01—03

Product definition, mechanical structure, device UI, and app flows. A related handheld press-needle applicator received an invention patent grant.

Oracle of the Dragon | Nov 2025–Jan 2026

Concept development, research, storyboarding, interaction flows, hardware integration, prototyping, and exterior design and fabrication.

EXPERIENCE

Sichuan Yibin PUSH Packaging Materials / Design Assistant / Sep 2025–May 2026

Supported packaging and product concept development through visual research, concept synthesis, material organization, and design documentation.

SELECTED RECOGNITION

17th International User Experience Innovation Competition / National third prize

10th Cross-Strait Emerging Design Competition / Huacan Award / Regional second & third prizes

Hong Kong Emerging Contemporary Design Award / Bronze awards × 4

National Encouragement Scholarship
